WHY WE ARE ASKING FOR YOUR AUTHORIZATION

The Health Insurance Portability and Accountability Act (HIPAA), effective April 14, 2003, requires your express permission before we may discuss/release your protected health information (PHI) to your relatives, friends, employer, etc. This authorization is needed to document your intent and to identify the person(s) who have your permission to contact us on your behalf ("authorized person") for claims status, benefit information, and/or other matters pertaining to your insurance coverage.

In most instances, HIPAA does not require your authorization before we may share your PHI with health care providers (e.g. physicians, hospitals, etc.) involved in your treatment or payment for your treatment. This exception is to ensure uninterrupted business operations such as timely submission and processing of your claims for medical benefits. *Therefore, it is NOT necessary to name your health care providers as authorized persons.*
