## Benefit Chart of Medicare Supplement Plans Sold on or After January 1, 2010 Including Revisions Effective January 1, 2021

This chart shows the benefits included in each of the standard Medicare supplement plans. Every company must make available Plans "A & B" and either "D" or "G". BlueCross BlueShield of Western New York offers those plans marked with an asterisk in New York State. Some plans may not be available in your state.

1. Plans F and G also have a high deductible option which require first paying a plan deductible of \$2,370 before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible plan G is only available on or after January 1, 2020, and does not cover the Medicare Part B deductible. However, high deductible plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.
2. Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit.
3. Plan N pays 100% of the Part B coinsurance, except for a co-payment of up to \$20 for some office visits and up to a \$50 co-payment for emergency room visits that do not result in an inpatient admission.
